

RIESS - Steamer - diameter 18 cm

- 3-piece-set consisting of saucepan, attachment and lid.
- 4 enamelled handles
- for steaming 1 kg of vegetables/potatoes
- Also suitable for defrosting vegetables
- diameter: 18 cm
- For all heat sources including induction
- Poreless cut- and scratch-resistant surface
- easy to clean
- manufactured carbon-neutrally in Austria

The attachment can also be used for washing potatoes or as a vegetable sieve. The lower pot can also be used as a saucepan ..

Note: Always keep the lid closed during the cooking process so that the steam does not escape, but rather condenses on the lid.

Before removing the lid, wait briefly until the water has stopped boiling in order to avoid burns with the steam.

Make sure to use pot holders/oven mitts.
